POOL ROOM ORDINANCE READY

City Council Proposes Strict Regu-
lation of Pool-Rooms and Other
Places of Public Resort.

All of the Trustees were present at
the meeting of the Council Monday
evening, and although the session was
not quite as long as has been the rule
for some time past, it was in many re-
spects an interesting and important
one. Evidently the members of the
Board are becoming tired of remaining
away from home until near the mid-
night hour, for as the evening advanced
the members were seen to frequently
cast anxious glances at their time-pieces.

The report of Clerk Plump, which was
presented immediately after the ap-
proval of the minutes, showed that dur-
ing the month he had received city
funds to the amount of \$85.39, for which
he presented receipts from the treas-
urer. The report of the Treasurer show-
ed that the receipts for the general fund
for the month had been \$721.83, and
that the disbursements had been \$1545-
73, leaving a balance in that fund of \$5-
700.19. The report of Marshal Christ
showed that the collections of his office
for the month amounted to \$636.44, of
which sum \$541.05 was for water rates.
According to the report, there is now
delinquent on account of water, \$160.

County Is Water Delinquent.

In explaining the status of the out-
standing water bills, the Marshal led
the Board to the expression of consid-
erable dissatisfaction with the methods of
the Supervisors in their treatment of
bills from the city. It was stated that
of the entire amount outstanding, which
is really not a very large one, \$130 was
due from the county for water furnished
various public institutions, and that
this sum had been paid due for some
time. Several methods of hastening a
settlement with the Supervisors were
suggested, with the final result that
upon the motion of Trustee Hynding
the Clerk was directed to notify the Su-
pervisors that unless the bill was paid
or some good reason given for the delay
the water supply would be shut off from
the delinquent institutions.

For the laying of the new water mains
on the County Road, from Jefferson
street to Broadway, a distance of 1900
feet, five bids were received, showing a
considerable variation in price. Bidders
were required to state the price per
lineal foot, and these were as follows:
L. Jensen, 12 cents; A. Hess, 13 cents;
Hefly Elliman, 13 cents; F. E. George,
13 1/2 cents; George H. Hanson, 11 1/2
cents. Without discussion the contract
was awarded to Hanson.

But one bid was received for the pro-
posed issue of \$20,000 of local improve-
ment bonds. This was from the First
National Bank of San Mateo County,
which offered to take the entire issue at
par value, with accrued interest. A
resolution was passed accepting the bid
of the bank.

Puts Son On Blacklist.

A communication was received from
Gabe Garcia, informing the Trustees
that his son, Mike Garcia, had become a
victim of the habitual excessive use of
intoxicating liquor, and requesting that
the Board take some action for his pro-
tection. No one appeared to question
the statement of the parent, and on mo-
tion of Trustee Hynding the Clerk was
directed to issue the usual notice to
keepers of saloons requiring them to
stop the sale of liquor to Mike Garcia.

E. C. Cumberston appeared before the
board in an effort to secure some re-
striction in the laying out and placing
on the market of new subdivisions of
city lands. He called attention to the
fact that of late it has frequently been
the practice of speculators to lay out
subdivisions with more or less narrow
streets, and divided into small lots. No
attempts were ever made to improve
the streets, except it be to scrape a
small amount of the loose dirt from the
sides to the center, and no sidewalks
were constructed. The result of this
was, he said, the building of unsightly
shacks on the land, to the detriment of
the city. In reply to the suggestion,
Chairman Merrill stated that the Board
had given the matter serious consid-
eration at various times, but so far had
been unable to find a solution to the
difficulty. It had been found that un-
less the streets were accepted it would
be impossible to force their improve-
ment at any future time. It was finally
suggested that the practice complained
of might be very materially discouraged
by ordering the improvement of the
streets of this character a short time
after the approval of the plat. This
suggestion appeared to meet with gen-
eral approval, and as a result the street
committee was directed to prepare a list
of streets in new subdivisions which
were in need of improvement and to re-
port them at the next meeting for ac-
tion.

Some slight changes were made in the
names of streets adopted at the last
meeting. At the request of George W.

Lovie, made through Trustee Rice,
Seventh street was given the name of
Fuller street, which name had been ori-
ginally suggested for Third street. It
was intended to transfer the designation
of Alden from Seventh to Third, but
this was objected to by Mr. Kincaid, who
contended that the word was frequently
given two pronunciations, thus
leading to confusion. It was finally
decided to change the name of Third
street to Hamilton street.

At the suggestion of City Attorney
Mansfield, it was determined to make
no changes in the specifications for the
improvement of streets in district No. 9.
While the Trustees are far from satis-
fied with the specifications, it was the
opinion of the City Attorney that
changes at this time would be liable to
invalidate the entire proceedings.

The Clerk was instructed to advertise
for bids for the improvement of the
streets in district No. 9.

No attempt will be made to improve
the County Road at this time. It is
the opinion of the Board that the new
State highway bill will become a law,
and that under its provisions this
street, which is a portion of one of the
public thoroughfares contemplated by
the act, must be improved by the State.

For Protection of Boys.

The proposed ordinance for the regu-
lation and licensing of pool and billiard
rooms and bowling alleys was intro-
duced and given its first reading. Under
its provisions no persons will be per-
mitted to conduct a public place of this
character until they shall have secured
a license from the city to do so. No
license shall be issued by the Clerk un-
til a permit has been granted by the
Board, and applications for licenses
must be filed at least five days before
the meeting at which it is to be acted
upon. The application must state the
name or names of the firm applying for
the license, the location of the place
where the business is to be conducted,
and in addition must state how long
each applicant has resided in the city,
and whether the parties are of native or
foreign birth. No place operated under
this license shall be kept open between
the hours of 1:30 a. m. and 5 a. m., nor
shall any noisy or improper conduct be
permitted upon the premises. It is
also made unlawful to permit any minor
under the age of 18 years to remain in
or about the place, either to play or as
a spectator. Should any place conduct-
ed under this ordinance violate any of
the provisions of the ordinance or be
conducted in an objectionable manner,
complaint is to be made to the Council,
who after a hearing may revoke the
license if the conditions developed, in
the opinion of the board, warrant such
action. The rate of license is \$3 per
quarter for each pool or billiard table,
or for each bowling alley, the license
to be issued annually. Any violation
of the ordinance is made a misdemeanor,
punishable by a fine of not less than
\$50 nor more than \$200, or by imprison-
ment for not more than 90 days.

Street Superintendent Dickey reported
that in his opinion it was necessary
that the city should purchase an ad-
ditional street sprinkler. He stated
that with the increase in the number
of improved streets it was impossible to
do the work required with one wagon.
The committee on public works was in-
structed to ascertain the cost of a new
wagon, to report at the next meeting.

Trustee Rice suggested the necessity
of making an index of the ordinances
of the city. At this time there is no
index to the ordinances, and it is almost
impossible to locate any particular law
when it is required. As a means of se-
curing this work, it was decided to in-
crease the salary of the City Attorney
from \$50 to \$65 per month, with the un-
derstanding that he should do the work.

Want Honk Machines Regulated.

At the suggestion of Chairman Mer-
rill, the City Attorney and Trustee Rice
were appointed a committee to wait
upon the Supervisors and request that
they take some action to prevent un-
lawful speeding of automobiles in the
city. This was done for the reason that
prosecutions for this offense must be
taken under the State law. Mr. Mer-
rill stated that he had a plan by which
four or five men could effectively enforce
the law.

Trustee Merrill stated that during the
past week he had interviewed the pres-
ent owners of the Dingee Park prop-
erty, and that he had been informed
that they were ready to sign a contract
to carry out to the letter all agreements
and promises made to the city by Mr.
Dingee, and he had been promised that
this would be ready by the next meet-
ing of the Board. Until this is done no
further action will be taken looking to
the purchase of pipe for the new water
system.

It is ordered that in the future no
person be permitted to take either of
the street rollers belonging to the city
out of the city limits without permis-
sion from the Board, and then only up-
on the payment of a rental of \$3 per
day, to be paid in advance.

Claims against the city, approved by
the finance committee, were allowed as

session will be held Monday evening,
March 29th.

Bank Will Make Improvements.

A deal was consummated this week
by which the First National Bank has
purchased from Dr. J. L. Ross the
property immediately adjoining
the bank building on the west
and north sides, and fronting on
Broadway and Main streets. The
building on the west side is at present
occupied by H. S. Sears, Dr.
Ross and Dr. Cummins, having of-
fices upstairs. The telephone com-
pany has its central office in the
building on the north, and Dr. Bar-
rett occupies the upper floor.

It is the intention to remodel the
Ross building, giving it a front sim-
ilar to the present bank structure,
and to erect a new building on the
site of the telephone office, making
a complete and handsome edifice
whose dimensions will be 56 feet on
Broadway and 80 feet on Main
street.

The change is made necessary by
the bank's increasing business and
the overcrowded condition of the of-
fice room, it being the intention to
separate the working forces of the
commercial and savings banks. A
larger and more accessible safe de-
posit vault will be installed.

D. E. O'KEEFE, Editor and Proprietor

The Council should pass the ordinance for the regulation of pool rooms and kindred places of amusement substantially as it was introduced at the last meeting. The only amendment of advantage that could be suggested would be a change of the closing hour to the same as that required of the saloons. This is certainly late enough for any man to remain away from home. After the ordinance is passed it should be strictly enforced, especially in regard to the section intended to prohibit boys frequenting such places.

We would like to see good manual training classes started in the High Schools of this County as good work could be done along this line and it would help to keep the pupils interested in their work.

Evidently the man who can write his check for a million has no more desire to serve his country in the capacity of juror than the poor devil who has to hustle to meet his last week's grocery bill.

New Suits Commenced.

A. A. LaReux has brought a suit against the Trustees of San Bruno Park School District to enjoin the board from erecting a school building at Huntington Park where a site was purchased from the Tucker Realty Co. for \$4,325. The trustees have a little over \$20,000 to erect the building and are diverting for bids in the Times-Gazette. Plans and specifications for a two story building have been adopted. The plaintiff asks for a permanent injunction.

John B. Selvers has commenced an action for a divorce in the Superior Court against his wife, Katherine Selvers, on the grounds of wilful desertion. The couple were intermarried in April 1879. The defendant willfully deserted and abandoned her husband in January 1908.

A. R. McCollough has commenced an action in the Superior Court against the Loop Lumber Company to quiet title to lot 62 San Mateo Park.

Marriage Licenses Issued.

The following marriage licenses were issued during the week from the County Clerk's office:

Freit Keldel, aged 34, and Alfrida Taylor, both of San Francisco.

Jed Pierce Booth, aged 22, and Irene Charlotte Chevesich, aged 20, both of San Francisco.

G. L. Moretich & Co. have taken the management of the Broadway Cafe, at 305 Broadway, and are now conducting the place in an up to date manner. A specialty is made of oysters and all short orders as well as regular meals.

The tragedy of the Drink Habit will be the subject of Pastor Parker's address at the the Baptist church tomorrow. Services at 3 o'clock.

Disposition of Estates.

Judge Buck has appointed appraisers in the following estates:

NOTICE OF SALE OF BONDS

Miranar School District.

Notice is hereby given by the undersigned, County Treasurer of the County of San Mateo, State of California, that sealed proposals for the purchase of the bonds of Miranar School District, in the County of San Mateo, State of California, will be received by the undersigned, County Treasurer, at the hour of 10:30 o'clock a. m., on Monday, the 8th day of April, 1909.

Each proposal shall be addressed to the undersigned, Treasurer, at Redwood City, California, and enclosed in a sealed envelope, and have endorsed thereon "Bids for Bonds of Miranar School District," and each bid may be for either the whole issue of said bonds or for parcels thereof. Bids must be for not less than the par value of the bonds bid for and accrued interest from date of said bonds, and to be for cash in lawful money of the United States.

The right is reserved to reject any and all bids, and the privilege is reserved of selling said bonds as a whole issue or in parcels. If a satisfactory bid be received, the undersigned, Treasurer, will enter into a contract with the bidder for the sale of said bonds, allowing ten (10) days time from said 8th day of April, 1909, for examination of the proceedings in relation thereto.

Each bid shall be accompanied by a certified check for five per cent (5 per cent) of the amount of the bid, such check to be payable to the undersigned, Treasurer, and to be forfeited to him for the benefit of said Miranar School District in the event that said bidder shall fail to take and pay for said bonds in accordance with his bid, if the proceedings in reference to the issuance of said bonds shall be found legally sufficient.

Said bonds will be issued to the number of nineteen (19) of the denomination of \$500.00, aggregating the sum of \$9,500.00, and each will bear date April 15th, 1909, and bear interest from said 15th day of April, 1909, at the rate of five and one-half (5½) per cent per annum payable semi-annually, on the 15th day of April and on the 15th day of October of each year; said bonds and said interest payable at the office of the County Treasurer of the County of San Mateo, at Redwood City, California, and

1 bond to run 1 year; 1 bond to run 2 years; 1 bond to run 3 years; 1 bond to run 4 years; 1 bond to run 5 years; 1 bond to run 6 years; 1 bond to run 7 years; 1 bond to run 8 years; 1 bond to run 9 years; 1 bond to run 10 years; 1 bond to run 11 years; 1 bond to run 12 years; 1 bond to run 13 years; 1 bond to run 14 years; 1 bond to run 15 years; 1 bond to run 16 years; 1 bond to run 17 years; 1 bond to run 18 years; 1 bond to run 19 years from the 15th day of April, 1909.

Said bonds are issued in pursuance of an election held in said Miranar School District on the 1st day of March, 1909, and in compliance with Section 120 of the Political Code of California, and pursuant to a resolution and order of the Board of Supervisors of said County of San Mateo, passed March 15th, 1909, to which reference is hereby made.

By order of the Board of Supervisors of said County of San Mateo, State of California,
 J. P. CHAMBERLAIN,
 County Treasurer of the County of San Mateo, State of California.

SUPERVISORS FIND CHARGE GROUNDLESS

A. Elkerenkötter Cleared of Accusation of Taking County Property From Farm.

DISPUTE CITY WATER CLAIMS

Several Miles of New Roads Will Be Constructed in First District During the Year.

At the meeting of the Board of Supervisors Monday, at which all the members were present, a report was adopted which exonerates former superintendent of the Poor Farm, A. Elkerenkötter, of the charge recently made that prior to the surrender of his office he had removed a number of articles of county property from the institution. The matter had been referred to the committee on County Poor Farm and Hospital, composed of Supervisors Francis, Coleman and Casey, for investigation, and it was on the report of this committee that the action was taken. The report of the committee was as follows:

"The committee met at the county farm Saturday, March 13th for the purpose of investigating the accusations brought against A. Elkerenkötter, regarding the removal of a washing machine, two iron beds, one sack of sugar and one sack of rice. We find that the washing machine in question is on the premises. Judging from its appearance it could not be in use more than a year, at which time it was charged to the county, March 3, 1908, by Levy Bros. The sugar and rice, we found no one on the premises who could give us any information whether it ever came there or not.

In reference to the beds letter here attached is self explanatory.

"J. M. Francis, J. H. Coleman, J. T. Casey, committee."

Attached to the report was the full wing letter from the Indianapolis Furniture Co. "San Francisco, March 10th, 1909. Jas M. Francis, Halfmoon Bay. Dear Sir:—Replying to your favor beg to advise you that the goods were sold to Mr. A. Elkerenkötter, San Mateo, Cal. The order calls for 12 iron beds for \$96. But 10 were shipped, and two were placed on back order, pending arrival of more from East. The beds will be here the end of the week when we will forward the other two.

We are yours truly, Indianapolis Furniture Co., Per J. E. B."

Although at a previous meeting of the Supervisors and passed an order directing that a telephone be maintained in each of their residences at the expense of the county, some of the members of the Board stated that the telephone had not yet been placed. This was found to be true, and the fact that the members were neglecting to place the telephone at their residences was pointed out by the local agent. To prevent any misunderstanding as to the presentation of the bills, the Clerk was directed to notify the Telephone Company that the Board had passed an order allowing each Supervisor a telephone, the rental of which was to be a charge against the county.

I. Poket presented a petition requesting that he be permitted to transfer his liquor license from the Vista Grande house in the First township to the applicant's own premises on Mission street. On motion of Casey, seconded by Francis the transfer was permitted.

Gabriel Salazar, a resident of Portola, aed 87 years, applied to the county for aid. On motion of Blackburn, seconded by Francis, the application was referred to the chairman.

The following communication from John B. Rogers, chief engineer of the Ocean Shore Railroad Company was read:

"To the Honorable Board of Supervisors, San Mateo County, California:—Gentlemen: I beg to advise you that the county road on the San Pedro mountain, n. r. h. and abv. the point designated as Point Rogers on the Ocean Shore Railway showed signs of sliding on the 16th instant. The slide developed at a point where the earthquake of 1906 carried the road away. From the information I have received there is approximately 80 feet of the road that is almost entirely demolished and will call for extensive reconstruction.

"A report has been circulated that the damage to the road was caused by blasting on the Ocean Shore. This is not the case, as we have done no power work of any kind whatsoever at the point mentioned, and the while trouble was by the recent very heavy rains saturating the ground and causing a slide which is explained at an earthquake fissure, fully 10 feet above the county road.

"I am calling this matter to your attention so that the supervisor of this road district can in estimate the matter and give you such additional information as you may desire."

The communication was referred to Supervisors Casey, with instructions to report upon the condition of the road, and if possible determine the responsibility for the trouble.

Attorney Mansfield, representing the trustee of Miramar school district, appeared before the Board and presented the usual proofs showing that at an election held March 16 it had been determined to issue bonds to the amount of \$9500 for the purpose of

building a new school house. It appearing to the Board that all the proceedings had been regular and that the property had been sold to the amount of more than two-thirds of the votes cast, a resolution was adopted authorizing the issuance of the bonds which are to be in denominations of \$500 each and to bear interest at the rate of 5 1/2 per cent, and to be redeemable one each year.

An ordinance was introduced creating the Colma Judicial Township, the entire territory of the proposed new township to be taken from the boundaries of the present First Township. Chairman McEvoy suggested that the adoption of an ordinance of this character at this time might be treading upon dangerous legal grounds, from the fact that the affairs of the district were now before the courts. Supervisor Casey replied that he had been informed, upon what he considered as reliable authority, that it was within the authority of the Board to pass the ordinance. This however failed to satisfy the chairman and the ordinance was referred to the District Attorney for his opinion on the subject.

Superintendent Ford of the county farm stated to the Board that Miss Maden teacher of the Laguna school desired to board with his family at the farm. He stated that Miss Maden had made the request for the reason that she could find no other place to board within reach of her school, and expressed the opinion that unless the request was granted it would be necessary for her to give up her position and thus necessitate the closing of the school. While the members of the Board were opposed to the idea of permitting boarders at the place they expressed the unanimous desire to avoid the necessity of the closing of the school or serious inconvenience to the teacher. With this view, the request d permission was granted, with the understanding that for the purpose of making the record clear Miss Maden should present at the next meeting of the Board a written communication setting forth fully the facts prompting the request. On motion of Blackburn, it was ordered that a charge of \$15 per month be made for the accommodation.

Supervisor McEvoy stated that he had planned for the building of two miles of new road on the Middlefield road and four miles on the Woodside road, and asked that he be authorized to have the necessary surveys made immediately. Blackburn also asked that he be authorized to employ the county surveyor to make an examination of the bridge at Packard's store a San Gregorio, for the purpose of determining the advisability of either repairing or rebuilding the structure. Supervisor Casey also desired the assistance of the surveyor in making the investigation of the Ocean Shore Road. On motion it was ordered that the surveyor be employed to do the work requested.

A communication was received from the J. J. O'Brien Construction Company stating that to install a burglar alarm and bell system in the new courthouse would cost \$265.

The communication was accepted and filed on motion of Francis, seconded by Casey and referred to the courthouse committee.

The presentation of a bill from the town of Redwood City amounting to \$33.15, for water used at the county jail, was the occasion for a considerable discussion. The claim had not been approved either by the finance committee or the Sheriff, and being considered in excess of the usual amount, the Board declined to order its payment without the usual approval. Sheriff Chatham was present at the meeting and was asked to pass upon the bill. This the Sheriff declined to do, stating that he had no means of knowing the cause of the excessive bill, and was not in a position to verify the reading of the meter. Finally the claim was referred to the Sheriff for investigation.

Probate Court Notes.

Stephen E. Throwell has applied in the Superior Court for letters of administration upon the estate of Michael H. Throwell, who died in Los Angeles on March 9, 1909. The estate consists of a one fourth undivided interest in 180 acres of land near Byrnes' store valued at \$4000. The personal property consists of a stock of liquors at Millbrae worth \$200. The value of the entire estate does not exceed the sum of \$5000. The heirs at law are Stephen Throwell, John F. Throwell and Thos. F. Throwell.

W. W. Durham has applied for letters of administration upon the estate of Josephine B. Durham, who died on February 5, 1909. The estate consists of a deposit of \$1500 in the First National Bank at Redwood City. The entire estate does not exceed the sum of \$3000 in value. The heirs at law are Laura Heidt, Fred Durham, Chas. Durham, Mary Kelly and Bertha Durham, children of the deceased, and the petitioner husband of the deceased.

The advertisement has been running but nothing has been seen of the booklets.

Funeral of Mrs. Braut.

Mrs. Catherine Braut, wife of Louis Braut of this city, passed away at Oakland last Sunday. She had previously been operated on for appendicitis, the operation resulting fatally. The deceased was a native of Maine, aged 31 years. The deceased was well known in Palo Alto and Menlo Park at which places she formerly resided. Mrs. Braut was buried from James Crowe's undertaking parlors Wednesday. Interment was in Union Cemetery. Many intimate friends and acquaintances attended the funeral. Besides her husband, Mrs. Braut left to mourn her two sons, Allen and Norman. Rev. Leak conducted the services at the cemetery.

Cupid Springs Another Surprise.

The little angel Cupid has sprung another surprise upon a large circle of people in this city. The happy pair in this case, who are now being made the recipients of somewhat belated but none the less hearty congratulations from a host of friends are Mr. and Mrs. James Curran. Apparently wishing to avoid the publicity of a home wedding, the young couple quietly slipped away to Stockton and were married in the Slough City on Washington's Birthday. Mr. and Mrs. Curran are now at home in their pretty residence on Stambaugh street. The bride was Miss Alice Paulson, a well known and exceedingly popular young lady of this city. The groom is one of the best known of Redwood City's progressive business men.

Coming Musical Event.

As announced in last week's issue of this paper, the Harmony Concert Company of Palo Alto will appear at the Alhambra Theatre on Tuesday evening March 30th at 8 p. m. Tickets will be put on sale at Ryan's drug store Saturday, March 27th. Admission will be 50c, 35c and 25c. The concert will entertain every one from 8 to 10. The program includes several well selected quartet numbers, duets and solos, besides instrumental work and numerous readings and monologues. Although three of its members are students of Stanford University, the company travels independently, and is not connected with the university. Mr. G. F. Morgan, of Stanford '10, the humorist of the company put on a minstrel show at Elmina Hall Saturday evening, March 13, the songs and dialogues of which were entirely original. The performance was a great success and Morgan kept the house in a continual uproar. Some of the funniest monologues which Mr. Morgan will give in Redwood City are an imitation of an Italian prima donna, a take-off on a political speech and a side-splitting numbers which he entitles "The Circus." Every lover of good music and clever comedy will surely be on hand when this attraction comes off.

New Corporations Formed.

The actual amount of stock subscribed is 50 shares by the following directors who subscribe 10 shares each: A. S. Lewis, William Loewy, J. Leroy Nickel, George A. Sargent and Gustav Gutech.

Death of Prominent Citizen.

After a lingering illness, William Bement, a widely known resident of this county, died Tuesday evening at the family home on Arguello street. For several months past deceased had been suffering from what it is believed to have been an internal cancer. The funeral services were held yesterday morning, under the auspices of the Native Sons.

Mr. Bement was a native of this county, born in 1862. He was the son of George Bement, for many years a prominent county farmer, who died a year ago in Alameda county. In 1888 he was married to Miss Emma Green who survives him. Besides his wife Mr. Bement leaves two sisters, Miss Mary Bement of New York and Mrs. Harriet Fox of this place, and two brothers, Kale and George.

For several years the deceased had conducted a blacksmith shop in this city and among all he was known as a man of honor and integrity.

SPENDS MOST OF HIS LIFE IN STATE PRISON

Man Sent to Prison Mere Youth Will be Discharged in His Old Age.

The term of imprisonment of Rafael Vidal, who was sent to Folsom in April, 1896, to serve 20 years, will expire May 9th. Vidal was sent up on two charges, one for an assault with a deadly weapon upon Thomas Ryan at Menlo Park, in December, 1894, and the other for an attempt to break jail. On the first charge Judge Buck sentenced him to a term of ten years at Folsom, and on the other charge he was given an additional ten years in the same institution. For years prior to his conviction he terrorized the cattle raisers of the coast side of the county. On leaving here in 1896 he swore vengeance upon the prosecuting officers and vowed he would make good his threat should he live to be released from prison.

Vidal was born at Halfmoon Bay in 1860, and at an early age evinced a disposition to be wayward. While attending school his predatory propensities became well known to the people of Halfmoon Bay. His downward career began at the age of 19, when he was arrested in Santa Clara county for cattle stealing. He was convicted and sent to San Quentin for four years. He broke out of San Quentin and was caught by Sheriff Morse of Alameda county after an exciting chase. He resisted his pursuers and was shot in the neck. He was taken back to San Quentin and served his full term, after which he began his old trick of cattle stealing.

In the latter part of 1877 he was arrested and brought to the county jail from Halfmoon Bay on a charge of cattle stealing, and while awaiting trial he broke jail and escaped. W. A. Clark was jailer at the time, and while making his rounds to lock up his prisoners for the night was pounced upon by Vidal, who took the jailer's keys and locked him in the tanks, and with another prisoner escaped through the front door. He gave the officers a hot chase, but was finally caught in a slaughter house near Halfmoon Bay by Sheriff Edgar and his deputy, John Stafford.

In January, 1878, he was sentenced to San Quentin to serve a term of 10 years, and on the same day, on a separate charge of assisting prisoners to escape, was given an additional two years.

Vidal served his full time, and shortly after his release from the State prison was again in the toils for grand larceny, committed near San Andreas Lake. For this crime he was sent to Folsom for four years.

Fun For Next Week.

The great musical comedy success of New York entitled "A Bell Boy" will be the attraction at the Alhambra Theatre, March 23, with the clever young light comedian Johnny Galvin and the dainty little sourette Ella Galvin as the principal fun-makers, and a large number of capable actors and a chorus that can sing and dance. "A Bell Boy" is no farce comedy nor is it a burlesque, but it is a high class clean cut musical comedy full of fun, situations, bright dialogue, sparkling lyrics and music that is tuneful, catchy, easily remembered and more easily whistled, the kind that everybody wants to hear.

Spring millinery now on display. All this seasons latest mode's of ladies and misses trimmed walking hats, flowers, trimmings etc. Marcus' Department Store.

LATEST NEWS NOTES FROM MENLO PARK

Immense Congregation Attends Ceremonies at Opening of New Parochial Hall.

PROMINENT COUPLE TO WED

Interesting Budget of Personal and News Notes Gathered at the City of Palatial Homes

The opening of the parochial hall last Tuesday evening is an event that will go down in history and will long be remembered by all who attended. The program of the occasion was well arranged and well rendered, and drew forth a large audience from the surrounding country. Though the hall is very large it was tested to its full capacity there not being standing room for the large crowd that had gathered to do honor to Ireland's patron saint. Father Lyons made a few brief remarks thanking those who had assisted in making the hall possible and declared it formally opened. J. B. Kelly acted as the chairman of the evening and introduced James E. Fitzgerald who sang "My Tipperary Lasse" in a manner that brought forth much applause. As an encore he sang "Kilmarney". The singing of the Irish songs by the convent girls aroused great enthusiasm. Miss Grace Partee sang "My Rosary" in a way that won her a thunder of applause. Gaelic dancing by two boys and two girls of San Francisco was much enjoyed. They showed great proficiency. The event of the evening was the oration by Father J. W. Sullivan of St. Patrick's Seminary. He delivered a soul stirring address on the "Great St. Patrick, Apostle of Ireland". The audience was greatly moved during the recital of the Saint's great Christian life and virtues. Father Sullivan was eloquent in his praise of the Irish people and of their religious loyalty and love of country. The oration was one of the most learned and scholarly ever delivered in this community. The grand and impressive music rendered by the Palo Alto orchestra was much commented upon. The selections rendered by it were one of the features of the entertainment. "Love Me and The World is Mine" was sweetly sung by William T. Casey. He was heartily applauded and responded with an encore. The force entitled "Knave and Frolic" in which Arthur Gale, James Fitzgerald, David Roche, Howard Crane and Joe Kelly took part, caused laughter and merriment. The young actors had all the sangfroid of experienced professionals presenting their parts almost to perfection. The tableau "Hands across the Sea" was the final number on the program and it aroused great enthusiasm. John Doyle acted as Uncle Sam while Miss Annie Lenehan took the part of Erin. While both were holding their hands outstretched the convent girls sang the "Wearing of the Green" and "America". During the singing a large American flag and an Irish flag were suspended from the ceiling mingling their folds together.

The success of the entertainment largely is due to the following committees: General committee, J. B. Kelly, chairman, Nellie Casey, secretary, Father Harrington, treasurer, Reception committee, J. J. Downey, chairman, D. Driscoll, printing committee, W. J. Murray, publicity committee, Mae McCollough, music committee, Mrs. Jas. T. O'Keefe, refreshments. She was ably assisted by Mrs. Seizer, Mrs. Gale, Mrs. J. J. Downey and Mrs. Crane.

This week Governor Gillette reappointed James T. O'Keefe a notary public in and for San Mateo county.

D. S. Dorn and family will be here today for the summer.

You can order any style of cake you wish at the branch of the Palo Alto Home Bakery. Fresh bread, pies, cakes, etc., daily. Give it a trial. B. Liedberg, County Road, is the agent. Phone, 828K.

Millon Brownstone of San Francisco was thrown from a motorcycle here last Sunday and was at once taken to the drug store from where he was sent to an institution in Palo Alto called a hospital. Brownstone was thrown from his wheel by running over a dog. He suffered a slight concussion of the brain as well as several bruises. The doctors are hopeful of his recovery. Brownstone resides at 643 Divisadero street, San Francisco and had made a trip around the bay.

George B. Chel'fer and family have moved down from the city for the summer. Their home at Fair Oaks is one of the nicest and most hospitable in that locality.

Mr. and Mrs. Charles Cooley of Palo Alto, expect to leave for San Diego next week. They will spend some time in other southern cities before locating permanently.

The engagement is announced of Miss Helen Josephine Deming and Dr. Gardner P. Pond of Fair Oaks. Miss Deming is the daughter of Mr. and Mrs. Henry S. Deming who are at the Fairmont, but pass most of their time at Santa Cruz. The announcement was a great surprise to the friends of the couple, who had not suspected that the friendship between the pretty society girl and the physician was to culminate in a wedding. Miss Deming is a graduate of Miss Head's school in Berkeley and has a host of friends among the younger set on both sides of the bay. She is an accomplished girl and has taken an active part in society affairs during the winter. She is a favorite guest at many affairs and doubtless her engage-

ment will be the signal for a round of entertainments in her honor. Dr. Pond is a graduate of the University of California and also of Harvard university. He has traveled a great deal and spent his summers at his beautiful home at Fair Oaks. He has wide circle of friends in the society and professional world. No date has been mentioned for the wedding, but probably it will take place this summer.

From Our Pescadero Reporter.

PESCADERO, March 18.—Mr. L. Coburn says he enjoys the distinction of being in his 84th year and having two big constables and a cross-eyed man choke him, put the hand-cuffs on him and lock him up in the calaboose—or tank house—where they put drunks. About 20 respected citizens stood within 50 feet of the fracas, and these saw it all and vouch for the truth of the statement. Mr. Coburn thinks that he has a right to the protection of the law, as much as a drunken man. If a man has a guardian, the guardian should try to use his influence to protect the party he is guardian over, and not stand back and set them on to bother the old man as much as possible, and try to make him crazy any way. It seems that the law upholds this in Pescadero and protects those that make trouble for Coburn. Hasn't an old man, 84 years old, any protection from officers who have to fill up before they start to do business. Coburn contends that no man running a saloon should be an officer, and that the voters at the next election should try and elect sober men for constable and deputy constable. How would any one who saw the trouble like to see their old father handled as Coburn was?

It is a good thing that Pescadero is not any larger. With the same ones to run the place that are at the head now, it would be something fierce, sure.

Mrs. Catherine Stokes of Arcata, a pioneer lady of Humboldt county, passed away at her home this morning at 10 o'clock after an illness of several months. Infirmities incident to old age are responsible for her passing. The Stokes family is one of the oldest in the county, esteemed and respected by a wide circle of friends bounded only by the confines of the county itself.

Mrs. Catherine Stokes was born in the year 1825 in the state of Indiana and came to this county in 1854. She had made this county her home since coming here in the early days when the county was in its infancy.

Mrs. Stokes joins her husband in the great enormity. The husband has been dead for the past 16 years. Besides a wide circle of friends, the aged lady is mourned by a number of sons and daughters. They are: James W. and William H. Stokes of Blue Lake; Mrs. Melissa A. Green of the state of Washington; Mrs. Margaret A. Chandler, of San Mateo county; B. M. Stokes of Grizzly Bluff; Marion Stokes of Arcata, and Mrs. Mary Jones of Arcata.—Eureka Herald.

Notes Of the Public Schools.

The Teacher's Council of San Francisco has taken up the matter of teachers residence and will endeavor to have the rule of the Board forcing teachers to reside in the city revoked. We predict that the teachers and the council will be successful.

The pupils of the Greensburg school are enjoying a two weeks vacation.

The teachers of the local school entertained a number of their friends at St. Patrick's party in the assembly hall Wednesday evening. Games and dancing were indulged in until a late hour and all present had a delightful time.

A school of Arts and Crafts has been established at Montara and a competent teacher employed.

During the winter vacation some miscreant broke into the pigeon Point school and stole a new flag and the piano cover.

A number of the citizens of Woodside are agitating the matter of building a new school house at that place.

The new Lawrence School at San Mateo is one of the most attractive and probably the best lighted school in San Mateo County. The windows are all on the left side of the pupils there are no cross lights and board work can be seen from any part of the room. The pupils have preferred themselves in the flag drill as they are to receive a pennant and flag from Mr. W. B. Lawrence in honor of where father the school was named. Miss Anna Maroney, the principal has inculcated a fine class spirit in the pupils.

Census marshals will be appointed for the respective districts of the county within the next two weeks and it is to be hoped that all parents will assist these officials in the discharge of their duty.

The Homestead School of San Mateo has 178 pupils 160 of whom are boys. The majority of the pupils are from the Orphanage. They are all enthusiastic little workers and seem bent on getting as much from their schooling as possible. The flag drill at this school is one of the most impressive exercises that one could wish to see. The children are formed in eight parallel lines with one orderly for each. As the orderly gives the word every pupil in his line raises the right hand and repeats an appropriate salute. After the different salutes have been given and at a motion from the captain every hat comes off with a motion of the left hand while a united salute is given by the 178 pupils with the right hand.

Every citizen of this county should consider it a privilege to pay his poll tax as the money from this source all goes to pay for the support of the

ACCUSED OFFICERS PLACED ON TRIAL

Much Time Consumed in Securing Jury Acceptable to Both Sides.

MANY PREDICT AN ACQUITTAL

Prosecution Completes Its Testimony and Hearing Is Continued To Next Tuesday.

During the week Elisor Perry Eyre brought into court 75 men, good and true, from which the following jury was selected to try the accusation against Supervisors J. H. Coleman and D. E. Blackburn.

W. J. Dempsey, San Mateo. J. Culbert, Burlingame. K. S. Murray, Redwood City. W. E. War's, Burlingame. G. A. Bebee, Burlingame. Victor Michell, Menlo Park. J. Rehe, Burlingame. W. H. Lipp Jr., Redwood City. John Strang, Burlingame. W. H. Hanscom, Burlingame. P. H. Harris, Burlingame. A. J. Gigerich, Burlingame.

The prosecution began offering testimony Wednesday afternoon.

It is the general opinion that if the prosecution does not present stronger evidence than it has already presented it cannot hope for a conviction.

Attorney Benjamin made a lengthy opening statement to the jury after which he moved that the accusations against Elkerenkötter and Debedetti be dismissed for the reason that they were already out of office. The court granted the motion.

Attorney Walter H. Linforth, counsel with Ross & Ross for the defense, criticized the Attorney-General for not having made the motion to dismiss before. He said the Crown has been disqualified on account of his friendship for Elkerenkötter. He did not however, expect the motion.

County Clerk Joseph H. Nash was the first witness called by the prosecution. He testified that at the meeting on September 21st Supervisor Debedetti made a motion to grant a contract to the J. J. O'Brien Construction Company for repairs to the dome, amounting to the sum of \$2991. Nash stated, that before this motion was seconded, it was objected to and was withdrawn.

The testimony of John MacBain, A. L. Lowe and Miss Gillis was practically the same as that given at the Bullock trial.

On Thursday Theodore Kytka, a handwriting expert, testified that the erasure of the words in the rough minute book, upon which the defense bases its contention that the award was regularly made and that its omission from the engrossed minutes was a mistake, was made before the mark above it showing that it had been entered in the records. This carried out Nash's contention, supported by MacBain, that the matter came up for a moment, but was withdrawn upon the objection of the latter. Kytka also declared that the writing on the contract was done by Miss Gillis, after comparison with the examples she had made earlier in the day.

Expert Graham was the next witness and his testimony occupied the balance of the day. He identified his report to the Board of Supervisors, in which he stated that the repairs to the dome could be accomplished for about \$1200, and then declared that with other alterations which he suggested verbally, the work would be reasonable at a cost of \$3000. For over four hours the attorneys argued with the witness, who, by means of hats, paper drawings and personal explanations, endeavored to explain his report.

An amusing feature of this witness' examination was in the misunderstanding by the attorney for the defense of his employment of the word "steal." Attorney Linforth thought he meant "steal," and objected to its use.

Graham had been for many years employed by Mahoney Bros.

Ira C. Boss, an expert on fire-proofing and concrete was placed on the stand yesterday morning by the prosecution and did not get through until late in the afternoon. He had only built four buildings in two years and the largest of these was only two stories. He thought that the amount eliminated from the dome caused by the change would be an offset to any extra cost. On cross examination he admitted seeing information on the subject from other contractors. His testimony had but little weight.

Late yesterday afternoon Donald McKenzie, superintendent of the court house took the stand. He swore that 4186 pounds of steel were put in the dome and stated the price of the same was followed by J. P. Ford who testified that he was present at the meeting held on September 21, and did not hear the contract read.

The prosecution will rest today and an adjournment will be taken to next Tuesday. Then the defense will submit evidence.

***** public schools. Many men who have received good educations from the public schools pay no other tax and they should be willing to give back at least this small amount annually for what they have received.

The Redwood City grammar school has a fine base ball team this year and is willing to meet a team from any State.

A bill has passed the Legislature which will establish a trade school in San Francisco.

Cricket Fighting.

Cricket fighting, a national sport in the Celestial Kingdom, is odd to see. Crickets are trained. They are exercised and drilled, and daily, before a match, smaller, weaker crickets are opposed to them that they may work out for themselves good fighting systems. In matches the betting is very high. The Chinese, who are tremendous gamblers, often lose fortunes over crickets, as American millionaires lose fortunes over race horses. A good cricket fight will last half an hour. The opposing crickets, each in a tube like a box stall, are dropped into a ring with a wall around it about six inches high. A combatant to win must throw his rival over this wall clean out of the ring. Tiny bells are rung by the seconds. These bells have a peculiar timbre and excite the crickets to a very frenzy of fighting. A cricket with a good record will sell for \$5 or \$10, while champions often fetch \$50.—New Orleans Times-Democrat.

A Gentle Hint.

A lady who suffered from a neighbor's fowls that overran and spoiled her garden politely asked her neighbor several times to keep her pets at home, but no attention was paid to her grievance. Finally she hit upon an ingenious method of protecting herself. She prepared grains of corn by tying to them with a strong thread small cards bearing the words, "Please keep your chickens at home," and distributed the grains about her flower beds. The chickens came to feast as usual and greedily swallowed the corn, not perceiving the thread until the card was against their beaks. Then they could neither swallow the card nor rid themselves of the swallowed corn. Twenty or thirty of the marauders ran home, bearing the polite request to their culpable owner, who, struck with the method of the hint, promptly cut the threads and cooped up his fowls.—Bomby Times.

Drink's Logic.

"Men drink," said a temperance lecturer, "because they are happy, because they are sad, because they are too warm, because they are too cold. Is there any logic in that?"

"When I see men drinking I think of a little boy at the seashore. 'This little boy, at play with his bucket and shovel in the sand, suddenly ran to the edge of an advancing wave, and, scooping up a handful of salt water and foam, drank it greedily. 'Oh, don't drink that,' said his nurse. 'It will make you thirsty.' 'What if it does?' said he. 'There's plenty more.'"

Made Record and Broke Law.

L. B. Harvey of San Francisco broke all automobile records Monday in a trip around the bay in his Rambler runabout, making the run from Oakland to San Francisco in 2 hours, 23 minutes and 48 seconds. He was accompanied by his wife and passed through this city shortly before 9 a. m. Pedestrians had only a glimpse of the machine and its occupants and that was at Broadway and Arguello when a halt of about half a second was made to avoid killing a man in a buggy. After that the auto emitted a few savage sports and was on its way like a demon. While Harvey broke the record he also broke the law with every turn of his wheels and endangered the lives of many people between the start and finish points.

Opens New Rooming House.

Mrs. J. Repholtz has leased the lodging house at 220 Main street, next door to the Bell theatre, and fitted up the rooms with elegant furniture. All of the departments are well lighted and ventilated and many are luxuriously furnished. The building has every convenience for the comfort of patrons and will no doubt become a popular establishment. It has been called the "Lehona".

Woman and Her Back.

In Henry Barle's novel "Trivand" there is a discovery about the expression of the emotions which even Darwin forgot to record. It is to the effect that woman chiefly uses her back to convey her sentiments. And, indeed, any close observer of the human comedy can hardly fail to notice that does a woman wish to annihilate a rival and cast despair into the soul of a lover she simply turns an expressive back upon them. No tears, no wrath, no indignation, can vie with this maneuver, which has, too, the advantage of being noncommittal, for no one, in the current jargon, can "give herself away" with her back. The expression of the emotions by this part of the anatomy is dignified, if a trifle limited. When a woman cries she is too apt to make a deplorable grimace. Does she get angry, her face will assume an unbecoming red. Very few understand the use of the gesture of the hands and arms. That is why woman, with her primordial instinctive wisdom, uses her back, especially when it is beautiful, as one of the chief weapons in the eternally diverting war of the sexes.

Snubbing a Snob.

Jasmin, the Gascon poet and barber, once treated a rich snob to the snubbing he deserved. Jasmin had been reciting his poems for the benefit of the poor and had afterward been escorted in triumph to his hotel. Next morning while he was still in bed some one knocked at the door, and a vulgar nabob entered and installed himself without invitation in a chair.

"My dear Jasmin," said he patronizingly, "I am a banker, a millionaire, as you know, I wish you to share me with your own hand. Please set to work at once, for I am pressed for time. You can ask what you like for your trouble."

"Pardon me, sir," said Jasmin, with pride, "I shave for pay at home only."

"What do you say?"

"It is true, sir. I shave for pay only at home."

"Come, come! You are jesting. I cannot be put off. Make your charge what you like, but shave me!"

"Again I say, sir, it is impossible."

"How impossible? Isn't it your trade?"

"It is, but at this moment I am not disposed to exercise it."

In spite of renewed bribes and entreaties Jasmin remained firm, and the millionaire went away unshaved.

Toward the Pole.

Ice—eight feet thick on the ocean and snow falling even in summer—such is the weather experienced in the polar regions. When the air is dry and still it is remarkable how low a temperature can be borne with ease. One explorer tells us that with the thermometer at 9 degrees it was too warm for skating. The summer weather in this region is, moreover, in some respects pleasant and healthful. Within the arctic zone there are wonderfully colored sunrises and sunsets to be seen. They are both brilliant and impressive, says a writer in the Penny Pictorial. And the nights—the nights are monotonous and repelling, a rigid world buried in everlasting snow, silent save for the cracking of the ice or the wall of the wind. Travelers in these regions experience many discomforts. The keen air causes their skin to burn and blister, while their lips swell and crack. Thirst, again, has been much complained of, arising from the action of the low temperature on the warm body.

Assessor's Instructions

To Owners of Real Estate and Personal Property.

The law requires each and every person who owns any class of property to annually, file a statement with the Assessor or his deputy in the county where the property is located. You should give a statement of all property owned by you on the first Monday in March at 12 o'clock m.

If you hold mortgage against others send in a mortgage statement showing amount on each mortgage on the first Monday in March at 12 o'clock m.

No change can be made by the Assessor after he turns his books over to the Board of Supervisors on the first Monday in July. The Board then select a Board of Equalization during the month of July.

Remember, if you fail to give in your assessment you fall to comply with the law and may cause yourself, the Assessor and Tax Collector much trouble, and very likely cause yourself expense.

It is much more satisfactory to the Assessor, as well as to yourself, to have your assessment correct when you go to pay your taxes.

Assessor, San Mateo County.

BLOCKADED.

Every Household in Redwood City Should Know How to Resist It.

The back aches because the kidneys are blocked.

Help the kidneys with their work.

The back will ache no more.

Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Redwood City.

Wm. H. Crowe, living at 12 Washington St., Redwood City, Cal., says: "Doan's Kidney Pills were recommended to me, and deciding to give them a trial, I procured a box at F. A. Ryan's Drug Store. I took them according to directions, and the results were very satisfactory. I have used them on several occasions since and have always derived great benefit. I believe Doan's Kidney Pills to be a most reliable remedy for pains in my back or any irregularity in the action of the kidney creations."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.
